Dear Betty, Michael, James, Deborah and David: -

Feb: 17-1968

Such a good and large family that I shall soon need a separate sheet of paper just to write your name! HA, HA - Nothing said - Remember that I love all family of many children.

I read with interest your trip through Germany, Switzerland and Italy. I had in the past also been in those countries and also in the same districts you described. - In the past at various times I had been in every country of Europe except the communist nations. I was in every country of South America, Central America, Mexico, Alaska and Hawaiian Islands. Also in Morocco and Egypt of Africa. - Likewise in the Holy Land and the surrounding countries. It seems you and I have the same feelings as the Germans said "Wanderlust". - Yes, last summer I was in Germany for three weeks. - Had I known just where you were, I surely would have looked you up. I find this to be a wonderful letter (over)

2-  
Airplane toured all over Germany, Berlin (East and West) and  
Austria.

I am sending you the original "Von Imhoff" family  
crest. - An old priest at Zirdorf bei Firth did the research  
for me. Then found those left of the family were at  
Pomersfelden. - Remember my grand father came to America  
sometime between 1830 and 1840. - He apparently stopped  
off in England on his way over. - When he became a  
U.S.A. citizen he also swore off allegiance to His  
Majesty, the King of England etc. He would be your great-great-  
great grandfather. - My mother's maiden name was "Frank".  
Her father and mother came from "Hessen-Darmstadt".  
You are near there. I visited Darmstadt last summer.  
If you keep the family crest, it is your's but do not  
throw it away. Your children may find it of historical  
interest. - When I meet you in the future I shall tell  
you more. —  
Fr. Maurice - Uncle Freddy

Coat of Arms of my ~~ancestry~~ family tree  
of Bavaria, Germany.  
The full name was originally "Egon Imhoff".

*v. Imhoff.*

This family tree goes back to the  
12th Century

*Dr. H. v. Imhoff*
